Dear LS Wong,

SUB: TESTIMONIAL FOR THE OHSAS 18001 CERTIFICATION

Our company has appointed Cambridge Management Sdn Bhd to provide consultancy services towards the achievement of OHSAS 18001:2007 for our company in 1st May 2009.

LS Wong has been appointed by his company, Cambridge Management Sdn. Bhd. To undertake the consultancy and training of our staff for achieving this objective.

LS Wong has been a good consultant. He has given training on a group basis as well as on an individual basis in guiding my HSE Manager, HS committee and Document Controller in the preparation process. He also followed up closely with their progress and did check on their work in order to ensure that the timeline is adhered to. He has been closely monitoring on their progress and the result it enabling our company to successfully obtain the OHSAS 18001 certification in April 2011. LS Wong has guided and trained my staff basically from A-Z of the OHSAS 18001:2007 certification requirements such as preparation the Health and Safety Manual, documentation, compliance etc.

He participates along with my HSE Manager and OHSAS team at internal audits as well as at external audit meetings.

I would say in order to enable the client to succeed in the OHSAS certification; he has on occasions work beyond his scope and call of his responsibilities in his function as a trainer and consultant.

I would highly recommend your company to utilize the services of LS Wong as he will ensure that your success.

Thank You.

Best Regards,
